25-008	11/26/24	11/26/24	1/16/25	<p>From June 1, 2023 through January 1, 2024, I request a sample of 10 completed FOIA case files from your office's FOIA tracking system where scope clarification occurred. Each case must have all of: (1) a written agency response seeking clarification about the scope of records sought; (2) a written requester response that clarified the request; (3) a final determination letter; and (4) a case closure date within the specified date range. For each of these 10 case files, I seek only: (1) the initial FOIA request; (2) the agency's scope clarification letter (or email or similar record); (3) the requester's clarification response or the request as it was ultimately processed; (4) and the final determination letter. Specifically, for a sample of requests where clarification was needed, I'm looking for the original request, the rationale for clarification, and the clarified request. I am studying how agencies and requesters work together to clarify and refine requests, so I need only the substance of these communications, not any personally identifying details. To reduce processing time and protect privacy: please exclude any Privacy Act requests, cases where clarification was sought solely about fees, cases where the requester never responded to clarification. And please redact all personal information (names, addresses, emails, phone numbers). If your office does not track whether scope clarification occurred or if this request is technically difficult given your FOIA processing system, I request a sample of 10 completed FOIA case files from the timeframe regardless of whether scope clarification occurred</p>	Full Grant
